

# ThingleToodle's Road Safety Song

## The hold my hand rap

Starting Out Safely

Hey Mum and Daddy gotta a message for you  
If you want to cross the road, you've got to know what to do  
You stand on the kerb and see if traffic is there  
And if it is all clear then we can cross with care  
I said HEY - HEY you've got to hold my hand  
I said HEY - HEY make sure you hold my hand

Now listen all you grown-ups I hope you understand To  
cross the road with me you've got to hold my hand To  
cross the road with me you've got to hold my hand  
YEAH!
