Please register: <https://childroadsafety.org.au/>

[embedding-road-safety-education-into-curriculum-pd/](https://childroadsafety.org.au/embedding-road-safety-education-into-curriculum-pd/)

We share practical strategies to support young children's learning about road safety, based on the latest evidence-based research. The session identifies, how road safety education links to the EYLF, the National Quality Standard and the National Practices for Early Childhood Road Safety Education. APST Links: 1.2, 2.1, 3.2, 4.1, 5.1, 5.2, 6.2, 6.3, 7.4

*This session is suitable for all ECEC professionals, including service based, FDC, OHSC and tertiary students. Please note for 4 year old kindergarten programs to be eligible for a ThingleToodle visit, services must have bachelor and diploma qualified educators participate in this session as well as have a current road safety education and safe transportation policy.*

Starting out Safely is Victoria's early childhood road safety education program. Fully funded by the Transport Accident Commission (TAC) and delivered by Early Learning Association Australia (ELAA).
